RESPONSE TO RESTRICTION REQUIREMENT

Sir:

Applicants acknowledge the Office Action mailed June 22, 2004 in the above-captioned application. In response to the restriction requirement under 35 U.S.C. §121, the Applicants elect the invention defined by Group I: claims 1 to 11 and 14 to 24 drawn to a method of disposing insects and arthropods and an insect/arthropod trap, classified in class 43, subclass 114.

Applicants, having elected Group 1, further elect Species III, Figures 5 to 8. Applicants believe that in addition to generic claims 1-9, 14-16, 19-21 and 24, additional claims 11 and 17 are readable on the elected species.

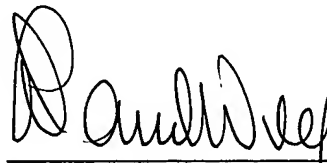

CONCLUSION

Having made the foregoing election, Applicants respectfully reserve the right to file one or more divisional applications on the subject matter of the non-elected species. A favorable action is hereby earnestly solicited. If the Examiner has any concerns with the foregoing election, the Examiner is respectfully requested to contact the undersigned to advance this application.

If this response is not considered timely filed and if a request for an extension of time is otherwise absent, Applicant hereby requests any necessary extension of time. If there is a fee occasioned by this response, including an extension fee, that is not covered by an enclosed check, please charge any deficiency to Deposit Account No. 23/2825.

Respectfully submitted,
Thomas M. Kollars, Jr., et. al (Applicants)
